Re: Notice of Citation: EAR non-compliance

Dear Mineral Mountain Estates Mutual Water Company,

Since 2010, CDPH has implemented an electronic process for submitting the mandatory Annual Report to the Drinking Water Program, now called the eARDWP.

This annual report is intended to provide CDPH with updated information regarding your water system, including contact information, population served, number of service connections, modifications made in the previous year, etc. Technical information included in this report is required of all water utilities regulated by the Department per Section 116530 of the California Health and Safety Code.

Our records indicate that the Water System at Mineral Mountain has not submitted the mandatory Annual Report to the Drinking Water Program for the year of 2016, and has incurred an EAR non-compliance citation during the year of 2016.

If you have questions regarding these requirements, please free to contact me. I can be reached at the office at (209) 754-6887.

Sincerely,

Stephanie Hessler, EHST
Drinking Water Program
